**STERIPACK, S.A. | STERISSETS**  
ZABEEL HALL - STAND Z1 D39  
DUBAI INTERNATIONAL EXHIBITION AND CONVENTION CENTRE  
(DICEC)

## COMPANY PROFILE

Steripack was founded in 1991. Since the beginning, it is active in the medical disposable business and has specialized in producing custom made procedure packs, and pre-filled syringes.

In 2010, Steripack was acquired by Sterisets International BV that is located in Holland. Since then we enlarged our possibilities in the market combining synergies of both companies.

Custom made procedure packs that help increase the efficiency of procedures.

Pre-filled syringes for flushing (IV) catheters and needles, made fully automatized in ISO-5 cleanroom.

We sell our products with the brands Sterisets and Steriflush.
