## COMPANY PROFILE

With over 65 years of experience in the manufacture of stainless steel Kitchen sinks, RODI has successfully consolidated a strategy towards internationalization and today is present in more than 60 countries. RODI is one of the biggest European companies of stainless steel kitchen sinks with a production capacity of 1.000.000 units/year. Our product is 100% made in Europe and follows the European specs.

Thanks to a policy of sustained growth, to ensure it meets the high expectations of its extensive customer portfolio worldwide, RODI is nowadays appointed as a global reference within the sector.

Focused on presenting the most modern and functional design, we are very proud to already achieved several international awards (Red Dot Design Award, IF Design Award, among others).

Continuous investment in innovation and high technology, large production capacity and expertise of a qualified team, give RODI a reputation for reliability among loyal customer groups and well-known brands.
