COMPANY PROFILE

IdealSoles was founded in September 2014 with a major project: to be a market leader in the molding sector, for the industry in general and also a reference as a socially responsible and innovative company.

Idealsoles is supported by the most advanced technology, as well as surrounded by a young and very dynamic team, looking for the most modern techniques, always attentive to the demands of the market. The CORKIS brand, belonging to Idealsoles was born from the need to differentiate decoration articles and household goods from the components for footwear to which the company's own name associates. IdealSoles is intransigent in quality, therefore, it has been acquiring the best equipment on the market for the complete satisfaction of its customers. Its main goal since its foundation in 2014 is to provide a quality service to its customers and help them find innovative solutions, integrated and applied to each company, doing everything to optimize deadlines and costs, guaranteeing total satisfaction and correspondence expectations of our customers. Idealsoles aims to be a recognized company in its area of activity, as an efficient company, of high quality and strong social and environmental responsibility, taking as essential values the rigor, sophistication and versatility.

PRODUCTS

The CORKIS brand, belonging to Idealsoles was born from the need to differentiate decoration articles and household goods from the components for footwear to which the company's own name associates.

TRADEMARK

IdealSoles with its innovative solutions has cork as the main raw material and produces from household utilities, decoration articles, toys, insulation, coatings and footwear.

EXPORT MARKETS

IdealSoles aims to be recognized as an innovative company and to market its products throughout Europe and all other markets open to this raw material.
