COMPANY PROFILE

IMO – Indústrias Metalúrgicas, SA is a family company with over 70 years of know-how in the design of medical devices. With vertical management since its foundation, the company has acquired for over 7 decades a strong development, manufacturing and after sales capability, which is reflected in superior range and high durability products, with thousands of beds in use for over 20 years. With headquarters and factory in the North of Portugal, IMO centralises all the industrial process, design and after sales support in our headquarters, achieving this way a professional and quick response to all requests.

As a family run company, IMO is guided by clear ethical and moral principles, which dictate the functioning of the entire organisational structure. Our mission towards our clients is to offer access to innovation and quality of our products, keeping in mind that safety is our priority. Responsibility, integrity and trust are our commitment to employees, partners and customers.

PRODUCTS

IMO specializes in medical devices. With hospital beds at its core, develops and produces beds and mattresses for different segments, as well as outpatient stretchers, transport chairs and bedside tables.

TRADEMARK

IMO, together with all caregivers.

EXPORT MARKETS

IMO is producing medical furniture and devices for more than 50 countries around the globe, namely in Europe, South America, North Africa, and Middle East.
