COMPANY PROFILE

Ultra Controlo is a Portuguese reference in the design, manufacturing, supply, and installation of medical gas systems for hospitals and clinics.

For the last 36 years, we have been leaders in vacuum technology for all sorts of industrial applications and centralized systems with the well-known Elmo-Rietschlel (Gardner Denver (Ingersoll Rand Group)).

Our projects can be found all over the world, with most of the equipment working continuously 24/7 in Healthcare Units or Industrial Applications. We provide the best service and technical support for our customers including worldwide known gas suppliers.
