MVC – PORTUGUESE LIMESTONES
TRADE FAIR CENTER MESSE MÜNCHEN

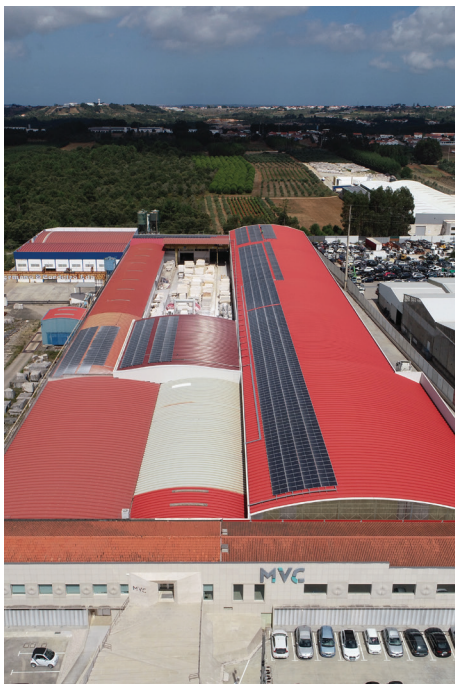

COMPANY PROFILE

MVC - Portuguese Limestones is a natural stone extraction and transformation company. We have been operating for over 25 years right from Portugal's limestone capital.

We strongly believe in limestone's strengths and its many applications making it one of the best natural stones for a lot of different projects. We own 9 quarries and, thus, can assure a rock solid quality control from the quarry all the way to the packaging and shipping.

The company is equipped with cutting-edge solutions to help shape your next big project! We specialize in standard-sized tiles and slabs and cut-to-size CNC works.

TRADEMARK
