## COMPANY PROFILE

MARCANT-Portuguese Marbles & Limestones Lda, a Portuguese Company established in 1967 in the field of the Ornamental Stones, have been focused on extraction, fabrication and marketing of natural stone such as marble and limestone. Nowadays, we assume ourselves as an important player in the Project field and a Worldwide reference in ornamental and Building Sector. We are engaged with a continuous investment in the most modern technology and a constant staff training to the highest and most professional level, improving their skills. Over the years we have developed partnership relations with the best quarries, assuring the Quality Control since the very beginning and assuming our compromise with ISO-9001 Certification. Our 35.000m2 factory, equipped with the latest technology and allied to our ongoing large stock of blocks and slabs, allow us to cater for the vast requirements on Projects. We have a "can-do" and dynamic attitude, constantly seeking for new challenges and opportunities. We enjoy our work and we have the positive difference that make us a Market Leader in Natural Stone.
