## COMPANY PROFILE

Founded in 2016, GlobalTribe is a Portuguese company that aims to introduce the world to the most authentic flavours of the Amazon region, which have proven health benefits and offer unparalleled pleasure.

**GlobalTribe is the only company in the world producing açai and other exotic sorbets with IFS Food V8 certification!**

Our vertical structure comprises 3 fruit pulp factories in the Amazon and 1 factory in Portugal, equipped with state-of-the-art technology, a specialised team, certified production processes and strict quality control (internal and external). With a philosophy that aims to **keep healthy what is healthy**, we offer a range of **exotic, 100% natural and healthy sorbets** that not only satisfy the palate, but also strengthen health. **We specialise in açai production and provide our partners with various açai solutions, from raw material to finished products.** With our resources and efficient distribution network, we guarantee our customers an uninterrupted supply, full product traceability, and the ability to produce private labels and bespoke formulations.

As açai experts and to meet the demands of the market, we offer a range of **organic açai products** such as organic açai sorbet, organic freeze-dried açai and organic açai pulp.

To complement the açai range, we also offer a selection of natural, healthy exotic sorbets made from nutrient-rich exotic fruits with high health benefits. Tribe's sorbets are made with **100% natural ingredients** and a **high concentration of fruit pulp**. **Vegan certified** and with no added syrups, sweeteners, preservatives, synthetic additives or GMOs, they are the healthiest option for your customers.

Tribe's range of products is available in different packaging types and is suitable for retail, HoReCa and food service.

**Excellence is our guarantee!**
