COMPANY PROFILE

Novarroz is a Portuguese, family owned company, founded in 1979.

We are one of the top European rice producers and exporters, selling to over 60 countries in 4 continents. Our experience and premium quality products are what made this success possible.

At Novarroz, we work closely with our farmers in order to select the highest quality seeds for each variety.

We have two modern, vertical, state-of-the-art milling lines. We use the most advanced Sortex technology, which allows us to consistently deliver the highest quality rice.

Being the quality our main focus and concern, Novarroz production method has BRC and IFS international certifications, awarded by SGS.
