COMPANY PROFILE

The Outeirinho Group is a Portuguese mineral and spring water bottling company to which Healsi premium water belongs. Healsi water has a rare composition with a high concentration of silica and a neutral pH of "7". Healsi bottles have a unique design inspired by diamonds, with angular faces and smooth edges. Available in Tetrapak packages and now also in 100% Recyclable plastic bottles! Joining the global environmental concern to reduce plastic. The glass bottles are the highlight of the brand, with class and elegance, perfect for the Horeca market.
