COMPANY PROFILE

Founded in 2006 by passionate professionals with extensive experience in the dairy industry, VHumana has remained true to its mission of connecting markets and delivering the solutions that clients are looking for.

We care deeply about our clients' needs and are committed to providing the highest standards of quality and service. By combining personalized customer care with reliable product quality and delivery, VHumana has become a trusted supplier of dairy products and ingredients to partners around the world.

With offices in Portugal (Lisbon and Murte) and Uruguay (Montevideo), our international presence allows us to offer flexible, tailored solutions that meet the specific needs of each client. To ensure competitive advantages, our products can be sourced from Europe, North America, South America, or Oceania.

VHumana distributes a wide range of dairy products, maintaining close and continuous contact with the market. Our team closely monitors market trends and volatility, enabling us to provide reliable products and innovative solutions while building strong, long-term partnerships with both suppliers and customers.

We are committed to conducting our business sustainably and responsibly, guided by values of rigor, efficiency, and reliability.

VHumana also operates in several complementary areas, ranging from consulting to technical advisory services — creating an integrated value chain that connects our clients to broader markets. We understand the importance of delivering comprehensive and continuous solutions, offering expert guidance to ensure optimal product performance, efficiency, and cost-effectiveness.
