COMPANY PROFILE

Medgree is a Portuguese brand specialized in the production of refrigeration equipment for pharmacies and laboratories.

Owned by Olitrem – Refrigeration Industry, Medgree brings together over 61 years of experience in refrigeration manufacturing. It combines technological innovation, reliability, and sustainability in a special range of products specifically designed for the medical sector over the past 15 years.

Recognized for its quality and flexibility, Olitrem is one of the largest companies in this field in Portugal and a reference in Europe, with a presence in more than 40 countries across three continents. The flexibility of our production lines allows us to manufacture according to customer needs and market specifications, guaranteeing 3 key temperature elements: stability, uniformity and precision
