COMPANY PROFILE

ORTHOS XXI is a leading manufacturer of orthopaedic products and medical/hospital devices, proudly based in Portugal, Europe.

With over 40 years of experience in the healthcare sector, we bring deep expertise and an unwavering commitment to those we support.

At ORTHOS XXI, we work every day with a clear and unwavering purpose: To ensure that no one is left without care.

We don't just make products, we create possibilities, we deliver solutions that restore autonomy, dignity, and quality of life.

We are proud to be truly unique on a global scale, under one company name, we develop and manufacture one of the most comprehensive and diverse portfolios of medical devices in the world.

At ORTHOS XXI, we don't define specialization by limiting our scope. We earn it by listening to healthcare professionals, clients, and end-users, also weaving their insights into every step of our product development.

Driving everything we do is one clear and powerful mission:

To make the essential accessible to all, combining quality, innovation, and a deep human commitment.

We believe innovation only matters if it reaches everyone, made possible by simplicity, rich features, affordability, and thoughtful design.

We offer greater durability and better patient outcomes. Through the use of modular components, lightweight structures and customizable features, we deliver solutions tailored to the unique needs of each market or individual when needed.

ORTHOS XXI embrace complexity, because we understand that human needs are never one-size-fits-all!

TRADEMARK

Our extensive portfolio is organized under 11 distinct brands, each representing a specialized product line or area of expertise, enabling us to deliver targeted, high-quality solutions for a broad range of needs.

EXPORT MARKETS

Middle East, Europe, central and south America, Africa and Oceania.
